

Sept. 2, 2020

Colleagues,

This message contains Hurricane Laura recovery updates for our Lake Charles colleagues to inform them of important work-related updates, as well as information needed for their own personal/family recovery. In addition, please visit the [Hurricane Laura Employee Resources site](#) for a comprehensive listing of available resources and assistance. Please, to the extent possible, pass along this update to any Lake Charles colleagues without email connectivity.

SASOL SUPPORT

Accommodation Assistance

Sasol is reimbursing affected employees for reasonable costs spent on housing up to a 30-day period. Sasol is also advising that you maintain temporary accommodations until you can move safely back into your home. For assistance with obtaining reimbursement through CRI relocation, please contact any member of the accommodation assistance team listed below.

Update your status

We ask all employees impacted by Hurricane Laura to complete [this status survey](#) and update it again if your status changes. If you are connected to the Sasol network, you will be taken directly to the survey. If you are not connected to the Sasol network, you will be asked to log into the survey using your Sasol credentials.

Information required for \$2,000 Sasol grant

Sasol is providing \$2,000 grants for affected employee households with incidental costs incurred during recovery of Hurricane Laura. The grants will be directly deposited into the accounts of employees as soon as possible. To receive this grant, affected employees must answer [this one-question survey](#).

Fuel Update

Sasol is providing up to 10 gallons of either gasoline or diesel fuel per day per each employee

who is currently working onsite. East Plant employees should use the east fueling station located just north of the Alcohol control room and east of the Alcohol rail loading racks.

Please do not move generators onsite as the fueling crew will not be able to locate them. If a generator needs to be moved to a new location, notify Willmur Prinsloo (337-661-4727) for West plant and Glenn Duhon (337-660-8432) for East plant.

To ensure new equipment is added to the fueling route, please notify Willmur or Glenn if new rental equipment requiring a refuel is brought onsite.

OTHER RECOVERY RESOURCES

Hurricane Laura Emergency Information for Calcasieu Residents

Please [visit here](#) for parish updates including:

- Access to medical supplies
- Food distribution
- School closures
- Waste management and debris removal
- Traffic conditions and road clearance

FEMA Disaster Assistance

State and federal officials are encouraging Louisiana residents affected by Hurricane Laura to register for disaster assistance with FEMA as soon as possible.

The first step is to contact your insurance company to file your storm-damage insurance claims.

The second step is to register. To do so:

- Call 1-800-621-3362 (FEMA) or TTY 1-800-462-7585 for the speech- and hearing-impaired. If you use 711-Relay or Video Relay Services (VRS), call 1-800-621-3362. The toll-free telephone lines operate from 7 a.m. to 10 p.m. CDT, seven days a week.
- Go to www.disasterassistance.gov or via web-enabled phone or tablet at m.fema.gov.

EPA Tools for Communities Cleaning Up after Hurricane Laura

The U.S. Environmental Protection Agency (EPA) reminds communities, families, and business owners affected by Hurricane Laura to take steps to make storm cleanup as safe and effective as possible. [Visit here](#) for more information about safety and resources for debris cleanup.
